

RIGHT-OF-WAY (RESIDENTIAL AND COMMERCIAL) PERMIT APPLICATION PROCEDURES

1. Before any Right-of-Way (ROW) work is performed within the City of Crestwood, a ROW permit application must be submitted for approval. Approval of this application will be granted by the Department of Public Works only if the permit application is completed in its entirety. A Plat Survey and drawing (to scale) of work to be done is required with application and payment. ***Include picture of driveway to be replaced including existing street, curb, gutter and sidewalk.***
2. The excavation for pavement (driveway, street, sidewalk, etc.) will require the site to be inspected by the Department of Public Works before the new pavement material is installed. This ensures the new pavement will meet the ROW requirements of the City of Crestwood. Copies of the City of Crestwood pavement restoration requirements are available upon request. To schedule pre-pour and final inspections, please contact the Superintendent of Maintenance at 314-729-4730.
NOTE: Any damage to the street, curb, gutter and sidewalk will need to be repaired or replaced according to the Crestwood Pavement Restoration Requirements.
3. A Permit Fee, a ROW Management Fee and an Escrow Deposit Fee are required. The amounts of these fees can vary depending upon the size and type of excavation. The Escrow Fee will be deposited immediately. The Escrow Deposit Fee will be refunded after final inspection of the site has been completed to the satisfaction of the City Inspector. *An Escrow Deposit is not required for utility companies or government agencies.*
4. A Contractor's Business License is required for all general contractors that do not have a CRESTWOOD BUSINESS LICENSE.
5. Any private contractor applying for a permit to excavate in the street must provide the City with a \$5,000 bond or have on file, a \$50,000 bond, guaranteeing their work for a period of two (2) years. In addition, the permit applicant must submit a Certificate of Insurance in the amount of \$2,000,000 in the aggregate with the City of Crestwood named as additional insured.
6. Should the applicant have any questions regarding the Right-of-Way Permit Application Procedures, please contact the Department of Public Works at 314-729-4720.
