

## Crestwood Fire Department

### Owner's Declaration of Fire Alarm Certifying (UL) or Placarding (FM) Company

Owner Name	
Agent Name	
Site Address	
Project Name	
Owner/Agent Phone	
Owner/Agent Email	

I understand that the fire alarm system required for the above project is a single system for which the building owner is responsible, and it is required to meet the requirements of SS 907.6.5 of the International Fire Code, as amended, and NFPA 72 requirements for Central Station Service. As such, my bid specifications and contracts require the system to meet the requirements of Central Station Service and be certified (UL) or placarded (FM) in accordance with the options identified in NFPA 72 for Central Station Service and third-party verification.

I have identified, below, the Fire Alarm Company I will be hiring to provide Certification or Placarding of this building's fire alarm system.

	A UUFX listed full service central station company	Date of Compliance	
	A UUFX listed Fire Alarm Service-Local Company		

Company Issuing Certificate/Placard:	
Company Address:	
Contact Name:	
Listing Number:	
Company Phone:	

I understand the following:

- The system installation permit will **NOT** be approved and issued unless an approved company has been identified above.
- The system installation will not be signed off nor an occupancy permit issued until the fire inspector verifies a certificate (or placard) is on site or receives a copy of an acceptable "request for certificate" receipted and numbered by the Underwriter's Laboratories (or similar from Factory Mutual System).

**DO NOT** sign this form unless you understand what it requires. If you have questions, please contact the fire inspector for this project.
