

April 6, 2017

To the Residents of Crestwood:

Thank you for showing support for your City of Crestwood by approving Proposition C on April 4th. This ballot issue essentially boiled down to the question of, "What kind of city do you want Crestwood to be?" We now have your answer. The burden is on us to manage these resources responsibly in order to continue demonstrating that we deserve the support of our residents. As always, we remain committed to efficiently delivering exceptional government services to the community. Thank you for being part of what makes Crestwood great.
