

Dance Classes

Preschoolers through Adults

Join Sandy Book, our long time instructor and a member of Dance Educators of America and Dance Masters of America, to experience the world of dance in an instructional, yet enjoyable manner in our community-based dance program. Everyone has the opportunity to have fun, to learn and do their best to succeed in his or her efforts. Ballet, Tap, Jazz, Pointe or combinations of these types of dance are available with classes participating in a recital on April 28 to show off what they learned.
